Project overview

This proposal covers delivery of a branded online enrollment portal so parents can complete the full enrollment packet digitally and staff can review submissions in one place. The interactive demo already prepared for your center is the foundation for the production build. Client provides current server and hosting; RevenelX will deploy and configure the portal on your environment.

Scope of work

- Parent portal with secure sign-in and account creation
- Guided enrollment checklist with progress tracking
- Five forms: Enrollment, Tuition, Transportation, Emergency Medical, CACFP/IES
- Staff review view for submitted packets
- Angel Learning Center branding with English / Spanish toggle
- Deploy to client's current server and hosting, plus walkthrough and handoff

Hosting

Client provides current server and hosting. RevenelX does not include new hosting fees in this project price. Deployment, configuration, and handoff on the client's existing environment are included.
